Performance Braking Systems

Press Release - 12/19/07 For Immediate Release

6-Piston, 15" 2-Piece Rotor AP Racing Front Brake Kit

'05-'07 Mercedes E350, '05 E500, '05-'06 E55, '06-'07 E550 and '07 E63

Part # [AP6500R](#) and [AP6500](#)

'06 S55, '06-'07 S550, '06-'07 S600 and '07 S65

Part # [AP6600R](#) and [AP6600](#)

Brake Pros' AP Racing front brake system is the ultimate braking upgrade for the Mercedes E and S class vehicles. As with all AP Racing kits, it is designed to perform with the factory OE master cylinder and is fully compatible with the factory ABS systems.

The world famous AP Racing 6-Piston aluminum calipers with 15" cross-drilled and slotted two-piece rotors provide a dramatic increase in stopping power, but really shine under repeated hard use. As will all Brake Pros kits, this kit is shipped complete with caliper mounting brackets, DOT-compliant stainless steel brake lines, high performance Mintex Xtreme brake pads and all the necessary high-grade installation hardware. Now you can possess the same advanced brake technology preferred in NASCAR, Formula 1, World Rally Car (WRC), Champ Cars, and more at an affordable price.

The Mintex Xtreme Pads supplied with this kit do not compromise wear and noise for superior stopping capability. These pads are good from 0-1300° F and do not squeal like most "high performance" pads. They also work cold, unlike other compromised pads which may leave you shaken up on the first stops of the day.

Available in two colors: Red calipers with black script or Black calipers with yellow script.

Other applications available. For more information, please contact Brake-Pros at 800-711-4123.

Brake Pros, a division of Steve Millen Sportparts, Inc., has been bringing championship winning brake technology to the street since 1990. All design, development and testing are done at their Costa Mesa, CA headquarters under the direction of legendary IMSA Champion and multiple record holder, Steve Millen.
