Press Release - 1/28/08 For Immediate Release

AP Racing Brake Upgrades 2005-2007 Cadillac CTS-V

Front Drilled/Slotted Part# [AP7200](#) and [AP7200R](#)
Front Slotted Only Part# [AP7200S](#) and [AP7200SR](#)
Rear Caliper Upgrade Part# [AP7250C](#) and [AP7250CR](#)

Brake Pro's 6-Piston, two-piece 14.25" rotor AP Racing brake system is the ultimate front brake upgrade for the Cadillac CTS-V. Packing a massive increase in stopping power, this kit provides confidence around town and at track days. As with all AP Racing kits, it is designed to perform with the factory OE master cylinder and is fully compatible with factory ABS system. At the heart of this kit are our world famous AP Racing 6-Piston aluminum calipers and 14.25" (362mm) cross-drilled and slotted (or slotted only) two-piece rotors with aluminum hats. We also offer a matching 4 Piston AP Racing rear caliper upgrade that utilizes stock size rotors.

When paired with our Rear Caliper Upgrade, this setup achieves a complete 4 corner solution that virtually eliminates the fade found in the stock brakes. All of our big brake kits are delivered complete with caliper mounting brackets, DOT-compliant stainless steel brake lines, Mintex Xtreme Motorsport brake pads and all the necessary high-grade installation hardware.

The Mintex Xtreme Motorsport Pads supplied with these kits do not compromise wear and noise for superior stopping capability. These pads are good from 0-1300° F and do not squeal like most "high performance" pads. They also work cold, unlike other compromised pads which may leave you shaken up on the first stops of the day.

Now you can possess the same advanced brake technology preferred in NASCAR, Formula 1, World Rally Car (WRC), Champ Cars, and more at an affordable price. Matching rear drilled/slotted rotors are available under part number [GM7201XS](#). Matching rear slotted only rotors are available under part number [GM7201S](#).

Available in two colors: Red calipers with black script or Black calipers with yellow script.

Other applications available. For more information, please contact Brake-Pros at 800-711-4123.

Brake Pros, a division of Steve Millen Sportparts, Inc., has been bringing championship winning brake technology to the street since 1990. All design, development and testing are done at their Costa Mesa, CA headquarters under the direction of legendary IMSA Champion and multiple record holder, Steve Millen.
